

ThermoScan 7 Ear Thermometer

Model: IRT6520BUS

Manufacturer: Braun

MSRP: \$79.99

- What is considered a fever for an infant is different than that of a toddler and an adult
- Program the thermometer to the age you need to get accurate color-coded readings
- This allows for quick interpretation of the reading based on the age
- Proven more accurate than forehead or rectal
- Able to recall previous temperatures
- Pre-warmed tip with ExacTemp for accurate ear positioning
- Recommended for the entire family
- 3-Year manufacturer limited warranty
- Includes: 21 Disposable filters
- 1 Protective case
- 2 AA batteries
